1. Prices for 2001

The subscription rates and prices for back numbers as from 1 January 2001 are given in Tables 1 and 2. Prices for the cumulative indexes for *Acta Crystallographica* and *Journal of Applied Crystallography* are given in Table 3.

There will be a 5% discount on the prices of the individual sections for subscribers taking out combined subscriptions to *Sections A+B+C+D* and *Sections A+B+C* of *Acta Crystallographica*. Individuals may also take out a subscription to *Sections A+B+D* at a discount of 5%. Subscribers taking out a combined subscription to *Journal of Applied Crystallography* and *Journal of Synchrotron Radiation* will receive a discount of 25%.

The reduced-rate (personal) subscriptions are ordinarily only available to members of recognized scientific societies, and applications must be accompanied by a written undertaking that the journal is for the personal use of the subscriber and will not be made available to libraries, institutions *etc.* These conditions also apply to persons wishing to order back numbers at the reduced rates.

2. *Acta Crystallographica Section E*

The Executive Committee of the International Union of Crystallography is pleased to announce the launch of a new electronic-only journal in 2001: *Acta Crystallographica Section E: Structure Reports Online*. This new journal will be provided free of charge to subscribers to *Section C* of *Acta Crystallographica*.
